

MEDIA RELEASE

9 SEPTEMBER 2020

For Immediate Release

Announcement of Virtual Event “Japan-Asia CCUS Forum 2020”

Tokyo, Japan

6 October (Tue), 2020, 10:00 a.m. – 16:45 p.m. JST

Tokyo, Japan – Japan CCS Co., Ltd. (hereinafter “JCCS”; Head Office: Chiyoda-ku, Tokyo; President: Toshiaki Nakajima), which is conducting the Tomakomai CCS Demonstration Project under commissioning by the New Energy and Industrial Technology Development Organization, is pleased to announce that it will host a virtual event “Japan-Asia CCUS Forum 2020” with the Global CCS Institute on October 6, 2020. At this forum, the latest information on CCS/CCUS technology development in Japan will be presented through the results and learnings from Tomakomai CCS Demonstration Project, and there will be discussions on the outlook for deployment of CCS/CCUS in Japan and Asia as well as capacity building in Asia. International speakers from various fields will also contribute to the program to share their insights on CCS/CCUS with a view towards knowledge sharing and international cooperation.

JCCS looks forward to your participation in this forum.

For detailed information on this forum, please visit the JCCS website.

Event Information

Virtual Event: "Japan-Asia CCUS Forum 2020"

Online Registration for Japan-Asia CCUS Forum 2020:

https://us02web.zoom.us/webinar/register/WN_WV4DOvxMSfCiKfYX9jpobA

Day/Time: 6 October (Tue), 2020 10:00 a.m.-16:45 p.m. JST

Hosted by: Japan CCS Co. Ltd. (JCCS) and Global CCS Institute (GCCSI)

Co-hosted by: New Energy and Industrial Technology Development Organization (NEDO)

Supported by: Ministry of Economy, Trade and Industries (METI) and Research Institute of Innovative Technology for the Earth (RITE)

System: ZOOM

Event Objectives:

Part I: Present the achievements and future outlook of the Tomakomai CCS Demonstration Project

Part II: On the basis of the outcomes of the study for introducing CCS in Japan, discuss the further deployment of CCS in Japan

Part III: Make this an opportunity for Japan to be a leader in Asia for further deployment of CCS projects and capacity building

Agenda (as of 9 September, 2020)

Start	Contents
10:00	Opening remarks
10:15	Part I (organized by JCCS) <ul style="list-style-type: none">■ Greetings by Hirofumi Iwakura, Mayor of Tomakomai City■ Presentation by Shoichi Ishii, Special Corporate Advisor, JCCS "Tomakomai CCS Demonstration Project- Achievements and Future Outlook" (tentative)■ Presentations by projects■ Messages from the world■ QA & Wrap up
11:45	Break
13:00	Part II (organized by RITE) <ul style="list-style-type: none">■ Presentation by Toshifumi Matsuoka, Emeritus Prof., Kyoto Univ. "Expectation for CCS toward 2050" (tentative)■ Panel discussion with short presentation moderated by Kenji Yamaji, President, Geological Carbon Dioxide Storage Technology Research Association "Discussion on further deployment of CCS in Japan" (tentative)■ QA & Wrap up
14:30	Break
15:15	Part III (organized by Global CCS Institute) <ul style="list-style-type: none">■ Presentation by Brad Page, CEO, Global CCS Institute "Global status of CCS and CCS deployment in Asia" (tentative)■ Panel discussion with short presentation "Future deployment of CCS in Asia with 2050 perspective" (tentative)■ QA & Wrap up
16:45	Take down the venue

About Japan CCS Co., Ltd.

Commissioned by the Japanese government to demonstrate a full-chain CCS system in Tomakomai City, Hokkaido, Japan CCS Co., Ltd. (JCCS) was founded in May 2008 when a group of major companies with expertise in CCS-related fields, including electric power, petroleum, oil & gas

exploration and development, and plant engineering, joined forces to answer the Japanese government's call for development of CCS technology as a countermeasure against global warming. JCCS is a unique company in the world to be founded and dedicated explicitly to developing integrated CCS technology. For more info: <https://www.japanccs.com/en/>

Head Office:

SAPIA TOWER 21F, 1-7-12, Marunouchi, Chiyoda-ku, Tokyo 100-0005 Japan

Tomakomai CCS Demonstration Center

12, Masago-cho, Tomakomai City, Hokkaido, Japan

About Global CCS Institute

The Global CCS Institute is an international think tank whose mission is to accelerate the deployment of carbon capture and storage (CCS), a vital technology to tackle climate change and provide energy security. For more information, visit www.globalccsinstitute.com
